

VAMSHI JALIGAMA

Hyderabad, Telangana, India 502334 | +91-8498913929
Email: vamshigoudjaligama66@gmail.com | LinkedIn: linkedin.com/in/vamshi-goud-bb37a2256 | Portfolio: vamshijaligama.me

PROFESSIONAL SUMMARY

Motivated Information Technology student with strong skills in Python, Machine Learning, and Web Development. Experienced in building real-world applications including AI-based models and full-stack web systems. Passionate about developing scalable, data-driven solutions.

KEY EXPERTISE

Languages: Python, JavaScript, C, R
Web Development: HTML, CSS, Django, Next.js
Databases: MySQL, SQLite
Technical: Machine Learning, AI, AutoEncoder, Random Forest, Tkinter, Git

PROJECTS

Personal Portfolio Website	Jan 2026
<i>Key Skills: HTML, CSS, JavaScript, Next.js</i> - Developed and deployed a professional portfolio website to showcase technical projects and expertise. - Implemented responsive design principles for seamless cross-device compatibility. - Centralized demonstration of key projects including the 5G ML Model and Courier Management System.	
Hybrid AutoEncoder Driven ML Model for 5G Networks	Aug 2025 – May 2026
<i>Key Skills: Python, Tkinter, Machine Learning, AutoEncoder, Random Forest</i> - Developed a proactive performance monitoring model using Deep AutoEncoder for feature extraction. - Utilized a Random Forest classifier to predict connection drops with high accuracy. - Built an interactive Tkinter GUI for real-time dataset analysis and model training.	
Courier Management System	Feb 2025 – Jun 2025
<i>Key Skills: Python, Django, MySQL, Google Maps API</i> - Engineered a system that enhanced delivery accuracy by 25% through real-time GPS integration. - Streamlined logistics operations, reducing delivery times by 15% via optimized agent management. - Developed a comprehensive dashboard for administrative order and customer tracking.	

CERTIFICATIONS

- AI Beginner (Hexart.in):** Applied machine learning algorithms to practical problems.
- Full Stack Developer (HTML & CSS) (Bitlabs):** Mastered responsive layout and web design principles.

EDUCATION

CMR Technical Campus	2022 – 2026
B.Tech. in Information Technology	
GMR Junior College	2022
Intermediate (12th)	
TS Model School	2020
SSC (10th)
